

iZotope logo usage guide

Our logo

iZotope's logo consists of the atom logo mark and the "iZOTOPE" logotype.

NOTE: When used in regular text, the company name is spelled **iZotope**.

If you need to, feel free to use the vertical setup of the logo

Logo colors

iZotope's logo should be displayed in iZotope Black:

#13161A
R19G22B26
PMS 7547 C
C84M72Y57K70

It can also be knocked out in white from a dark background

Spacing and placement

White space padding as wide as the height of the "E" in the logotype should surround the logo.
